

Teen Digital Ambassador Application

Franklin County 4-H has been awarded a grant to implement a digital education program where teens teach adults in our community to become more comfortable with computers and digital programs. As part of the grant we get to **select two teens** ages 14-18, to attend the regional training at the National 4-H Conference Center in Washington D.C., **February 21st-23rd**. The trip is an all-expenses paid, with a \$500 stipend paid to the teen.

The teens selected to go will have to bring that training back to our county and train other instructors, along with leading the adult classes. Fill out the application below to be considered for this great leadership opportunity. Also, provide a **resume with two references** that are not related to you.

Name: _____

Address: _____

E-Mail: _____

Mobile Phone: _____

Date of Birth: _____ **Age:** _____ **Grade:** _____

Parent/Guardian Name: _____
